

# Masserie e Dimore storiche nel Salento Tour

*Accommodation: Masseria Palane - Corte dei Francesi:*

**Masseria Palane** is an ancient residence surrounded by ancient dry stone walls, immersed in the holly oak groves and centennial olive groves, and protected by the historical Vereto hill. Preservation and enhancement of the ancient salentino architecture of 18th century, thanks to which our guest will experience the magic of the past with the comforts of today. Masseria Palane's pleasant and relaxing environment features a typical Mediterranean garden of the past, perfectly integrated with a modern saltwater heated infinity pool and a relaxation area. A perfect combination where our guests may enjoy a delicious cocktail.

**Corte dei Francesi** is an historic residence formerly the seat of an ancient leather tannery which was later restored and which today houses a museum from those spaces. The name was given to it in honor of the Lamarque brothers, owners of the Lamarque tannery of the same name. The history of the building takes us back to the 19th century. Those who stop here will be part of a unique setting, the result of the recovery of an original living and working place, a housing development in which the remains and the charm of an ancient art combine with contemporary art.
